Scouts trek NM wilderness

During a High Adventure Camp retreat, a crew of Venture Scouts and leaders went on a life-changing summer trek through the Sangre de Cristo Mountains at Philmont Scout Ranch in Cimarron. Philmont covers 214 square miles of vast wilderness with trails that climb from 6,500 feet to as high as 12,441 feet. During their trek, Venture Crew no. 44 hiked 90 miles over ten days, including to the top of Urraca Mesa, Tooth of Time, Mt. Baldy, and Hart Peak.

The Scouts and their advisers carried everything they needed to survive during the trek on their backs while hiking from camp to camp, participating in back-country programs along the way. The trek included a conservation project

where the Scouts learned the upkeep of Philmont's ecosystem. Along the trek, these young women and men endured tough challenges including backpacking in bear and mountain lion territory, steep climbs, and hot weather. Spotting a bear as he lumbered through camp one morning was the most exciting thing that happened! Eagle Scout Steven Martinez calmly warned the crew and talked the bear out of the area.

The crew made what amounts to a scouting pilgrimage with their trip to Philmont. Philmont Scout Ranch is the Boy Scouts of America's premier high adventure camp and the largest youth camp in the world, serving nearly one million participants since 1938.
